

Dear Mr and Mrs Fusco

4/25/24

WOW!!! I read and have used the powerful tools in your book "The Assignment" This book is absolutely life-changing, soul-reflecting teaching phenomenal!! And I Really mean, utterly fantastic as well as a life-transforming book for me as well as for others that I teach around me. I kid you not. Oh how much I thank God as well as your book for the Blessing it has brought me. Thank You. I myself am writing a book title "Jail Has My Body, But My Mind and My Soul Belongs To God" in which I am on my beginning stages. I'm on a journey in God. I realized how important (No matter where your at) it is to see myself with heaven's perspective and to continue growing in the knowledge of Him. Unfortunately, many guys in here are afraid to trust God and completely surrender to His Lordship simply because they are unaware of who God really is.

so many men here fail to understand their true purpose so they waste their time allowing things like rejection, drugs dominate their lives. But thanks to your book, as I slip through those pages was I able to understand God's Plan for me. God has given me many signs since I been here (that's another letter) But your book has given me a clear and practical step to win these lose souls for Him. But reason for also writing ~~is~~ is to see how can I get the certificate of completion I do not have a way to go to the website www.visiblelight.org/certificate. As of now I have over 30 certificates from different Bible courses I take. Well I pray to God for you both and hope to be bless with a responds soon. Until then I remain A Soldier of God.

P.S. Please keep me in your prayers. God Bless!!! and keep up the Great Work...
